

Struvite-based systems with single pass FBR reactor

a: Multiform

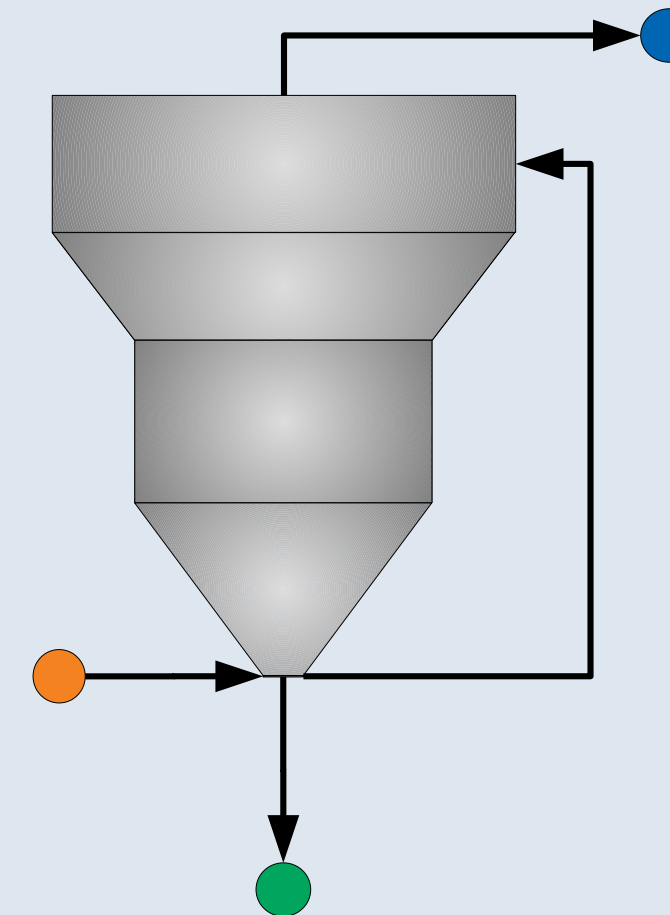

b: Crystalactor

Struvite-based system using FBR reactor with recirculation

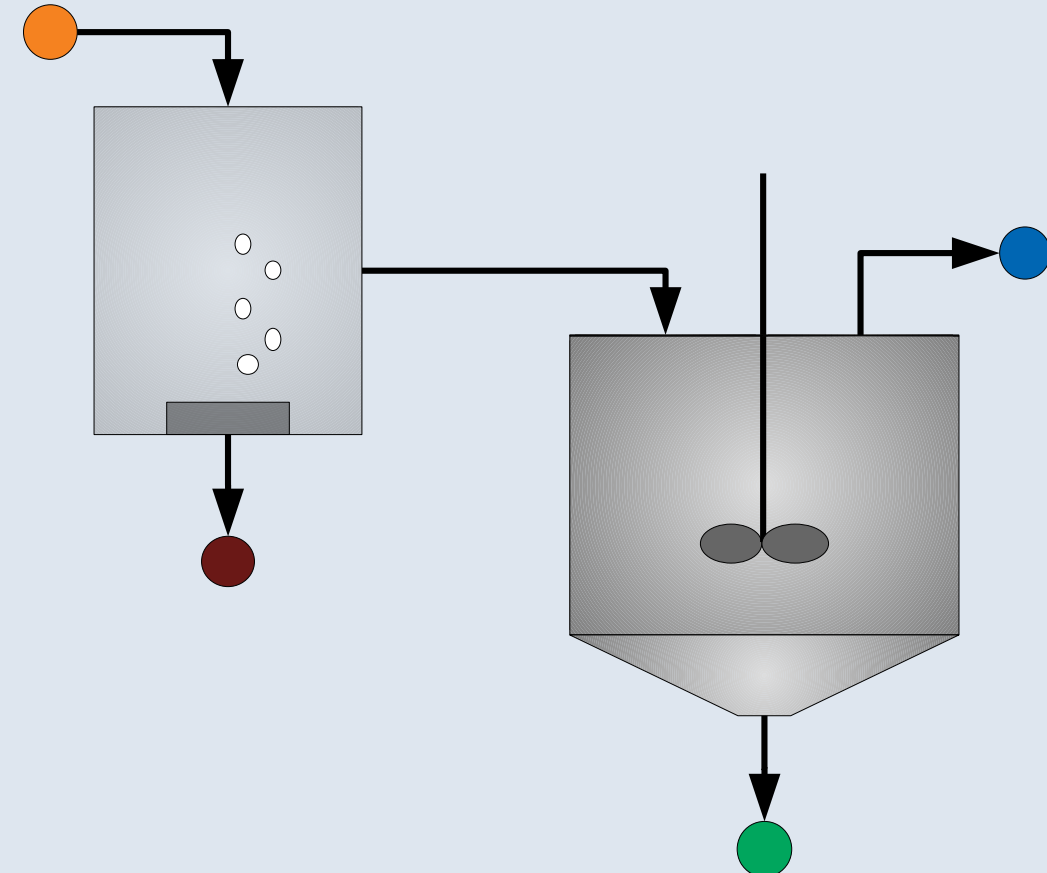

c: Ostara Pearl

- Organic waste
- Liquid effluent
- Solid effluent
- Rich nutrient effluent

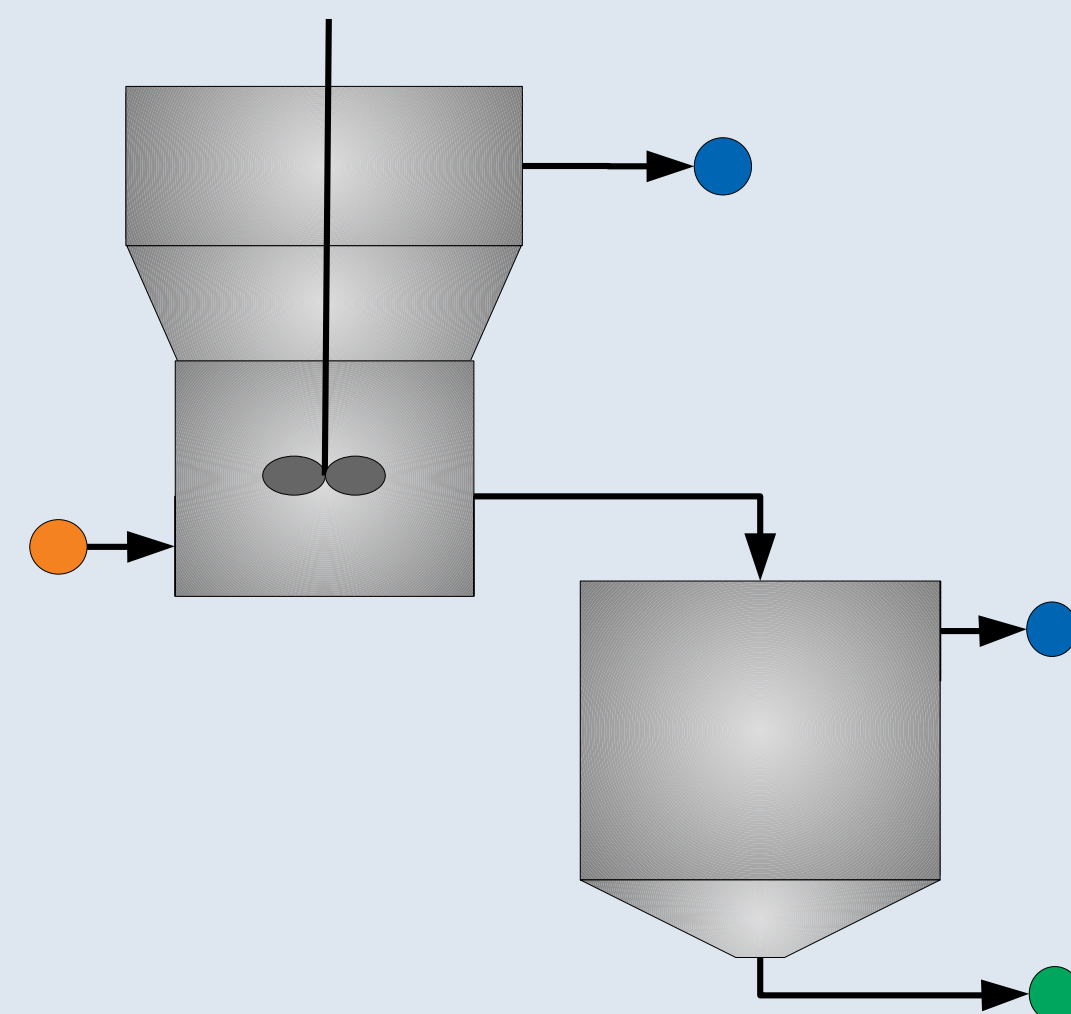

Struvite-based system using CSTR reactor

d: NuReSys

Calcium precipitates-based system using CSTR reactor

e: P-RoC

Modular phase separation system system

f: MAPHEX
